

Secondary BGE Curriculum

The West Partnership is delighted to offer the opportunity for secondary senior leaders to come together and focus on developing the curriculum in their own contexts. Within this programme you will collaborate with schools across the West Partnership to plan, monitor and implement an area of the curriculum in a creative and innovative way to meet the needs of all learners within the Broad General Education (BGE). By attending webinars and working with others participants will challenge their own thinking. This programme will take place over a period of two academic years, to acknowledge the school improvement planning cycle. At the end of the programme senior leaders will share the impact of the implementation within the BGE across the West Partnership.

Who is this programme for?

- Each session must be attended by a senior leader from your school.
- All sessions, below, will take place on Microsoft Teams.
- Webinars will be open to all senior and middle leaders in your school.
- Further information will be given at session 1.

**Schools are also required to contribute to the ongoing evaluation of the programme which may involve a follow-up discussion after the final session in 2024/2025.*
